Dear Camp Peniel Family,

Greetings from Camp Peniel! Thank you so much for your patience. After an incredible amount of prayer, discussion, and evaluation we have sought to develop a tentative summer camp plan that would provide for the safety of any campers, volunteers, parents, and staff while also providing an excellent camp experience for all those involved. As this process has unfolded we have researched national statistics from the Centers for Disease Control (CDC) and found that the age demographic Camp Peniel primarily serves (ages 5-17) has a very low percentage (<1%) of contracting COVID-19 and transmitting it to others. We have also seen the trend in TX of hospitalizations due to COVID-19 complications continue to decline. This type of information has been helpful in providing some context for us to make decisions about holding summer camp.

We will be implementing extensive **new medical and cleaning protocols** this summer and those are listed on the supplemental sheet. If you have questions regarding our medical protocols and/or your camper's health please feel free to email our [Health Services Manager, Kristine Anderson](#). **The safety of your camper is our utmost priority** and we feel that the health & safety protocols being implemented this summer will assist in allowing us to follow the schedule listed below.

**There is a possibility that further guidelines may be given for summer camps of which we are not aware at the present time.** If guidelines are given that will alter this schedule or our listed protocols, please know that we have been and will continue to be diligent to process/evaluate the data and inform you of any modifications. We cherish the relationship we have with you and your family and desire to strengthen it as we move forward together.

### Additional Information

- If you or other families choose to register a new camper for any of our later weeks in 2020, please know that they can register without concern of cancelling. Cancellation requests will be honored & refunded.
- All requested refunds will be processed as quickly and efficiently as possible.
- If further guidelines are given re: gathering numbers etc. that will affect High School Camp or any of our scheduled weeks of camp, we will be in contact with you

As we have wrestled with how our summer program can look this year, it is excruciatingly difficult to choose to cancel the first 4 weeks of camp plus Satellite Day Camps. Please know that in all of our programs we, as a staff team, will continue to do our best to provide a safe environment for your camper where they can have an incredibly fun camp experience as they "Behold" the Savior of the world this summer (John 1:29b)! We trust in the never-changing God (James 1:17), Who remains on His Throne, and waits with open arms to have us rest in Him even through the uncertain times of life. This is the Hope we all have in Jesus and we are privileged to share this message with those on either side of our cattle guard!

If we can be of assistance in any way as you sort through this new schedule please feel free to [contact us](#). Thank you again for your patience as we forge these choppy waters together.

Fixed on the Cross,
